Re: Town of Bernalillo Housing Services Office Building, 857 Calle Los Mayores,
Bernalillo, NM.

Dear Ron:

I want to thank you for the tremendous job you did in assisting us in meeting the regulatory requirements for asbestos and lead based paint for our remodeling project.

Your professional expertise saved us from a great deal of consternation on how to deal effectively with the contaminants in our building. You made it easy for us to comply with the laws and regulations. Even more important, you gave us the confidence that our workplace will be safe for us, our clients and our visitors.

Your assistance in preparing the abatement plans, selecting a top performance company, its management and final inspection was exceptional. Furthermore, your constant attention to our project was critical to our contractor's performance and to our schedule recovery for the remodeling construction phase.

We would be pleased to serve as a strong favorable reference to your professional services at any time.

Again, many thanks and best wishes,

Sincerely,

Rick Bela
Director
